

Give Your Heart with a Heart Party

A Heart Party is a gathering to raise programming funds in support of Triad Health Project's mission. Heart Parties are a wider take on Dining With Friends and a way to honor the latter's legacy of bringing community members together to dine and support our organization.

Why Host a Heart Party?

A Heart Party is a way that you can support an organization that serves over 250 clients living with HIV and offers free STI/HIV testing to our community.

It strengthens community support around the work of Triad Health Project.

Example Heart Parties:

- Pay-to-attend
- Use a heart party to celebrate a major life event—e.g., birthdays, retirement, graduation, anniversary, or something as simple as having friends over for cocktails before a show at the Tanger Center
- Make an ask at an event

Want safer-sex supplies or THP literature for your Heart Party?

Email us to arrange pick up.
